***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

Claim 1 recites, inter alia, a hard disk apparatus having plurality of hard disks connected to a plurality of channels each having an enclosure controller for controlling the environmental parameter collected from a current sensor connected to each hard disk; the controller converts the respective sensor signal to a flag signal wherein each controller is connected to the host via a serial bus wherein the host reads the flag triggered by the enclosure via the serial bus to build the corresponding relationship between the channel connected to the hard disk and the enclosure controller.

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kim Huynh whose telephone number is (571) 272-4147.

The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
